25th February 2021

Dear Parents and Caregivers.

Shortly, you'll receive a letter which outlines the MAS **personalized learning plan (PLP)** for your child.

The purpose of the **PLP's** is to involve our community in their child's learning, direction and focus. It begins by asking you, as the parent/caregiver, to identify the strengths in your children, what do you as a parent notice each day?

Provide this feedback to the teacher on the form provided in the next few days.

Secondly, each child will be asked to identify areas that they need particular 'help' with.

The personalised learning plan (PLP) is a point of difference for Miller Avenue School, it evidences our goal to become the school of choice in Hauraki.

The 3rd part of the process is for the teacher to draw this information together in a concise document. They will add strategies for achieving these goals and provide a timeline of achievement. Please note: the goals may not necessarily be academic, but may also include social goals, like creating friendships and learning to share which are just as vital, to learning. This is an exciting innovative approach to collaboration, designed to offer everyone the opportunity to add value to your child's education. I cannot stress this more, it's more than being successful as learners, it's about being successful as people.
