Kia ora tatou katoa.

Thank you to those who completed the whanau survey recently, it closes on Friday 1st October. I urge you to access the survey on our Facebook page and share your thoughts, many decisions are made with your feedback in mind for the coming year.

The information gathered so far is extremely informative. MAS are constantly adjusting the way the school can and does improve its learning and teaching programmes. One example is the introduction of 'student led conferences' which will be held at the end of the year. This is NOT the traditional approach to teacher information sharing, it's an opportunity for your children to demonstrate what they have learned and to showcase examples of their progress.

Having said this, term 4 will be very busy. For 8 weeks and 2 days, there is so much planned. The year 7 and 8 camp, the MAS talent quest, Athletics, Kapahaka whaka ngahau at Hikutaia School, MAS night under the canvas, prizegiving and lots more. Most of all, it's imperative that your child is safe and happy at school.

Enjoy the holiday break, take time to appreciate your whanau.

Miller Avenue School—Creating brighter futures, together.

Focus on Room 5

Since the start of term 3, Room 5 has had the support and expertise of Ms Jane Lupton. I am super pleased with the learning approach that involves empowering students through passion projects that Whaea Jane has seamlessly integrated into her classroom programme. It's no secret that we all learn differently, however knowing this is not enough. Working tirelessly to build learning around a passion project is what Whaea Jane does extremely well.

Check out the pics. This is a project -based approach to learning.
