Nga mihi te whānau,

We had to postpone our second **Reading together** session this week, thank you parents for your understanding. We have had many staff absences in the past couple of weeks and this has made it difficult to get relievers in front of our tamariki.

A reminder that we are looking for support between 1.00-1.40 during break times. If you can help at all please contact the office: [office@millerave.school.nz](mailto:office@millerave.school.nz)

Last week thirteen tamariki from Tupuānuku - Rm 6 joined Ururangi - Rm2 (Goldfields satellite class), Melody and helpers through the 'Trees for survival' organisation. They planted 500 hundred trees in Paeroa. *Awesome effort everyone.* [www.tfsnz.org.nz](http://www.tfsnz.org.nz)

We also had two 'superstars' who played in the Primary Girls Tackle Tournament and **WON!!** *Great job Mackenzie and Paige.*

Our Teen Esteem teachers and Thrive Team were impressed with the engagement of our students last week, well done tamariki. Simply the BEST!

Good luck to our Totara Springs Camp Team - away next week competing with lots of other students.

Nga mihi nui  
Whaea Debs

PS: Have a great weekend everyone, remember no school tomorrow.

# What's Been Happening in Tupuārangi...

Hi everyone, Tupuarangi have been working really hard on our narrative writing and are making spectacular progress in describing the settings, developing plot and solutions for a variety of fictional scenes.

We have also developed our classroom matrix of expected 'Simply the BEST' behaviors. We are now using that common language to devise board and card games for reinforcement of those behaviors.

Our STEAM technology models are mostly finished and the students have worked hard on following these instructions.

## *The Man And His Dream*

Long ago in a far away land, not so different to ours, lived an old man named Mike. His dream was to become an inventor. So one day he decided to chase his dreams by making something nobody would ever think of.

It took sometime to figure out what to make. Mike's wife Judy who was a local baker in town was always suggesting things like a robo dog or something to help clean the house. But instead of making something useful he made a... flying bathtub, to amaze little kids and make bath time more fun.

But surprisingly he sold out fast and became the world's most unique inventor. All ended well.
